Bachelor of Science in Computer Science - AI Specialization

Iloilo City, Philippines

PROJECTS PORTFOLIO

ND-Fighter — *Project Co-Lead / Key Writer / Art Director & Producer*

Undergraduate Thesis | 2024-2026

A Godot-developed fighting game produced to test the neural-network plus traditional game AI technique we have developed called 'Neuro-Dynamic Scripting', an LSTM-augmented decision-making game AI technique.

- Acted as Technical Lead, converting updating product requirements into actionable development tasks.
- Authored and managed core thesis documentation while aligning the programming team's execution with academic objectives.
- Designed the game's core Neural-Network + AI hybrid structure
- Produced 2D frame animations for the Godot game.
